FATCA/CRS SELF-CERTIFICATION DECLARATION FOR A LEGAL ENTITY

The government of South Africa has entered into agreements under which it has agreed to the automatic exchange of information with other countries. These agreements are aimed at improving tax compliance between the countries over financial assets held by investors within their boundaries. As a result of these agreements, South Africa has introduced tax laws which require that we collect information about each investor's tax residency and tax classification. We are also required to report the tax information we have collected together with the investor's investment account(s) information to the South African Revenue Services (SARS).

What this means for you as a client is that STANLIB is obliged to provide SARS with certain information you provide to STANLIB when you invest or transact with us. SARS, in turn, may pass the information to other tax authorities outside South Africa as required by the agreements the government has entered into. STANLIB may, in complying with its reporting obligations to SARS, make use of the services of other companies in its group of companies in collating, interpreting, storing and forwarding of your information to SARS.

The information in this self-certification form is not tax advice. We recommend that you consult a professional tax or legal advisor for specific tax or legal advice. Each Controlling person needs to complete an individual self-certification form found on the following weblink: FATCA/CRS Self-Certification Declaration For an Individual(UT)

These agreements are aimed at improving tax compliance between the countries over financial assets held by investors within their boundaries. As a result of these agreements, South Africa has introduced tax laws which require that we collect information about each investor's tax residency and tax classification. We are also required to report the tax information we have collected together with the investor's investment account(s) information to the South African Revenue Services (SARS).

What this means for you as a client is that STANLIB is obliged to provide SARS with certain information you provide to STANLIB when you invest or transact with us. SARS in turn may pass the information to other tax authorities outside South Africa as required by the agreements the government has entered into. STANLIB may, in complying with its reporting obligations to SARS, make use of the services of other companies in its group of companies in collating, interpreting, storing and forwarding of your information to SARS.

TERMS AND CONDITIONS

1. **Net Asset Value (NAV):** Prices are calculated on a NAV basis, which is the total value of all assets in the Portfolio including any income accrual and less any permissible deductions from the Portfolio divided by the number of participatory interests in issue. Permissible deductions include brokerage, Securities Transfer Tax, auditor's fees, bank charges, trustee/custodian fees and the service charge levied by the Manager.

2. **Initial Financial Adviser Charges:** The initial Financial Adviser charge is deducted from the full investment value and the remaining amount is allocated to the selected investment options. Any additional investment will incur an initial Financial Adviser charge, provided that the applicable Adviser charge is on the application form, should any funds be deposited with an account number as reference without an application form, the investment will be placed with no initial fees. No corrections will be done once the investment has been placed. It is therefore imperative that an application form be submitted with every additional investment should there be a need for initial Financial Adviser charges. The charge is set at a maximum of 3.00% (excluding VAT) of investments made in the equity portfolios and the asset allocation portfolios, and may range from 0.60% to 1.80%(excluding VAT) in the fixed-interest portfolios.

3. Ongoing Financial Adviser Fees:

- Negotiable to a maximum amount of 1% excluding VAT per annum of the market value of the investment portfolio. The ongoing advice fee is calculated on the daily market value of the investment portfolio, paid to the financial adviser monthly. This is paid in arrears by selling units from the respective investment accounts, thereby reducing the units. STANLIB will facilitate the deduction of the ongoing advice fees as agreed to by your financial adviser and will recover these fees from your investment. It is the responsibility of the Financial Adviser to

make sure that the investor is fully informed of all fees applicable under this investment. VAT will be added to fees where applicable".

- All requests to change ongoing advice fees requested during the month will be effected on the first day of the following month.
- The amount is expressed as an annual percentage (excluding VAT), and is accrued daily and levied on a monthly basis on the Net Asset Value ("NAV") of the investor's selected portfolio or portfolios, and will give rise to Capital Gains Tax ("CGT").
- The NAV of the investment will be determined by multiplying the number of participatory interests that the investor has in the selected portfolio or portfolios with the price calculated for the selected portfolio or portfolios on that particular day.
- The agreed annual percentage will be applied to the calculated NAV of the selected portfolio or portfolios and divided by the actual number of days in a calendar year. The effect is that a proportional amount is calculated for every day in a calendar month for each of the selected portfolios.
- As an example, if an investor's daily balance for a particular month is R1 million, and the agreed annual percentage is 1% (excluding VAT), then in a 31 day month, an amount of R976.71 will be deducted from the investor's participatory interests and paid to Financial Adviser. (R1 million x 1.15% x 31/365 = R976.71).

4 Service Charge (levied monthly incl. VAT): The service charge for the individual portfolios is accrued daily and levied monthly on the market value of the portfolio. Certain portfolios have a performance based service charge which shall be a variable amount that may either increase or decrease, depending on whether the Manager has added or detracted value for the portfolio relative to a passive investment in the portfolio's benchmark. Please refer to the latest fact sheet(s) for more details. The service charge is normally deducted from the income received by the portfolios. The Portfolio Charges document (including Performance Fee Frequently Asked Questions) is available on www.stanlib.com.

5. Performance Fees: Where fees are not accrued daily, the fee accrual is lagged and rolling measurement periods are used, certain participatory interest holders may carry a lower proportion of the performance fee relative to performance enjoyed, whilst other Clients may carry a higher proportion of the performance fee relative to performance enjoyed. Where underlying portfolios charge implicit performance fees (i.e. implicit in their unit prices), participatory interest holders may carry these performance fees regardless of whether the top-tier portfolio or mandate has out-performed its own benchmark. The Portfolio Charges document (including Performance Fee Frequently Asked Questions) is available on www.stanlib.com ("Investment for Individuals" section).

6. Total Expense Ratio: The Total Expense Ratio (TER) of a portfolio is a measure of the portfolio's assets that were relinquished as operating costs expressed as a percentage of the daily average value of the portfolio calculated over a period of usually a financial year. Typical expenses which are deducted from a portfolio include service charges, taxes, trustee fees and audit fees. The TERs can be located on the Fact Sheets and the Portfolio Charges document which is available on www.stanlib.com ("Investment for Individuals" section).

7. Overnight Interest Allocation: Interest earned by STANLIB in its bank account (subscription) on deposits made by you will be added to the investment amount if it takes longer than 1 Business Day, after the receipt of the deposit and/or the fulfilment of any outstanding requirements, to process the transaction. Deposits made on a non-business day (i.e. public holidays, Saturdays and Sundays) will also not attract any interest.

8. Switching: A "switch" involves selling participatory interests (units) in one portfolio and investing the proceeds in another portfolio. The Manager does not normally charge initial Financial Adviser charges twice, other than in the instance where the original entry was into a portfolio with lower charges than the portfolio into which the Client will be investing. Accordingly, the Client will have to pay in the difference in the initial Financial Adviser charges. However, the Client and the Financial Adviser may agree on a different arrangement to that mentioned above, in which case an initial Financial Adviser charge as agreed, between the Client and the Financial Adviser, will be charged on the switch transaction. As costs may change from time to time, please consult with your authorised Financial Adviser. **STANLIB monitors account patterns of transactions for practices such as but not limited to market timing where an investor purchases and sells units within a short time period to take advantage of limitations in determining the net asset value of the funds. STANLIB reserves the right to delay or reject such transactions where investors engage in such practices in order to protect and ensure equitable treatment of all investors in the fund.**

9. Income Distributions: Income distributions are made at regular intervals for all portfolios. Portfolios either declare distributions monthly, quarterly (31 March, 30 June, 30 September, 31 December), bi-annually (30 June, 31 December), or annually (31 December). These distributions are paid by no later than the last working day of the following month. Please refer to the latest fact sheet(s) for more details.

10. Money Market Portfolios: The price of each participatory interest (unit) is aimed at a constant value for all Money Market Portfolios. The total return to the Client is primarily made up of interest received but, may also include any gain or loss made on any particular instrument. In most cases this will merely have the effect of increasing or decreasing the daily yield, but in an extreme case it can have the effect of reducing the capital value of the portfolio. The minimum transaction amount for this portfolio is R2,000. The initial minimum lump sum investment is R25,000. If the balance of the account is below R2,000, any repurchase instruction will result in the total balance being redeemed. If the balance of the account is above R2,000, any repurchase request below R2,000 will result in the minimum transaction amount of R2,000 being redeemed.

11. Other Fixed Interest Portfolios and Equity Portfolios: Minimum remaining amount on all STANLIB Funds is R2,000.00. The minimum redemption amount on All STANLIB Funds is R2,000, any redemption request below R2,000 will result in the minimum transaction amount of R2,000 being redeemed. If the balance falls below R2,000, after the redemption, instruction will result in the total balance being redeemed.

12. Electronic Transactions: the Client agrees that the Manager shall be entitled to implement all instructions and applications of whatever nature received on their Internet site, by telephone or any other electronic medium and which appear to emanate from the Client. The Manager and/or Financial Adviser is indemnified against any losses, claims or damages arising from acting on such instructions and/or applications, notwithstanding that it may later be proved that any such instruction was not given by the Client. The Client agrees that the electronic records of all instructions and applications processed by/ or on behalf of him/her or which purport to be processed on behalf of the Client via the Manager's Internet site, telephone or any other electronic medium shall constitute prima facie proof of the contents of such instructions and applications. STANLIB will not be held responsible for any failure, malfunction or delay of any networks, electronic or mechanical device or any other form of communication used in the submission, acceptance and processing of applications and/or transactions. STANLIB will not be liable to make good or compensate any investor or third party for any damages, losses, claims or expenses resulting there from.

13. Electronic Signatures: This transaction may be executed by means of a Client's electronic signature. The Client agrees that in accepting these terms and conditions, the Client consents to executing this transaction by means of an electronic signature. The Manager is indemnified against any losses, claims or damages arising from acting on such an electronic signature, notwithstanding that it may later be proved that the electronic signature was not given by the Client.

14. Payments: Redemptions, regular income options and income distribution payments can only be made into an account in the name of the Client. No third party or cheque payments will be made.

15. Shari'ah Compliant Portfolios: Where a client invested via a 'Linked Investment Platform' the client may have earned interest. It is the clients responsibility to purify such interest sum by donating it in charity to ensure the Shari'ah Compliance of the investment. The Shari'ah Advisory Committee (SAC) oversight starts when the investments enter the Islamic Funds. The SAC does not have control of the processes/platforms that the client utilises to access the Islamic Funds. In terms of Shari'ah Law, the Manager will purify the dividend income earned by automatically deducting all non-permissible income from the total dividend income distribution due to the Client. The income, net of non-permissible income, is then applied according to the Client's further instructions, i.e. either reinvested or paid to the Client's bank account. All non-permissible income deducted will be donated on behalf of Clients to charitable organizations, as directed by the Shari'ah Supervisory Board. Non-permissible income sources include interest income earned from companies invested in. The quantum of non-permissible income will be determined by the fund manager and approved by Shari'ah Supervisory Board which will typically be a percentage of the total dividend income that accrued to the portfolio, e.g. 5%. For example, the Shari'ah Board determined that 5% of all dividends that accrued to the portfolio are non-permissible. A proportionate amount of the dividend income due to the Client (i.e. 5%) will be deemed to be non-permissible and will be deducted from the total dividend income distribution due to the Client and donated on behalf of the Client to charitable organizations, as directed by the Shari'ah Supervisory Board. Clients must take note that their statements and the statutory tax certificates (I.T. 3 (b)) will indicate the total income distributed to them, net of non-permissible income. It is also important to note that certain permissible income received by the portfolio is deemed to be interest income in terms of the Income Tax Act, as amended from time to time, and will be reflected as such. Clients are accordingly advised to seek appropriate tax advice as to the potential tax consequences they may be subjected to. Clients should note that all income paid by the fund is purified before being paid out to Clients.
